Single hot lunch (special circumstances)		4,80 EUR	

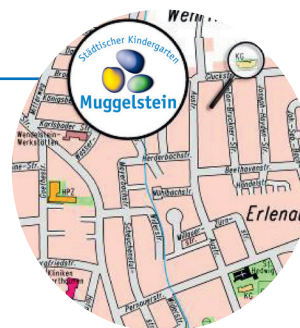

The state of Bavaria provides families with a contribution subsidy of 100 Euro per month from September 1st of the calendar year in which a child turns three. This state grant will be offset against the monthly fees and is applicable for the entire time that a child is in daycare, until school enrolment.

- A 5 Euro monthly fee for games and drinks is charged in all groups, regardless of booking times.
- The meal fee is charged for 12 calendar months and contributions are adjusted annually.
- The minimum booking times and attendance are 4 – 5 hours per day and this must include the daily core times of 8:30 a.m. to 12:30 p.m.
- It may be possible to receive a grant from the Office for Young Children and Young People and Families from the city of Rosenheim. The relevant application must be submitted annually and approval of the application is income dependent.
- Breaks are essential.
We are closed for a maximum of 30 days a year. In addition, it can be closed for up to five days for further training measures. The vacation schedule will be announced in autumn.

INFORMATION AND PRICES

CITY KINDERGARTEN MUGGELSTEIN

Kindergarten places
Integration places

Stadt Rosenheim

About us

We are one of four city Kindergartens. Our centre opened in 1999 and offers places for 75 children. These are divided into 3 groups: yellow, blue and green muggles.

Our Name...

This comes from a small but strong object we value in our educational philosophy. Made of shimmering coloured glass, each one is unique with its own shape and colour ... the mugglestone!

Our Mission Statement

We maintain high professional standards as set out in Bavarian educational guidelines. We encourage and support each child to reach their full potential. We are available to discuss educational and developmental issues with parents. We are motivated and committed to continually improving our professional knowledge and in supporting the development of new experiences.

Key Objectives

Your child comes to our Kindergarten as a unique individual and we warmly embrace each child's individuality. We encourage each child to discover and explore their own individuality while developing their own inner strengths. This facilitates the child's ability to confidently deal with changes that occur in their daily lives.

Here I am a child, here I am allowed to be myself and...

- look forward to coming to Kindergarten and feeling happy here because it feels just like home.

Now I can...

- live peacefully with changes that may occur in the future as I am strong and confident.

And you too ...

- can interact with others to form new relationships and embrace new experiences.

And the whole world...

- can be open to new experiences, embrace new challenges with enthusiasm, and engage in lifelong learning.

Quality is Assured Through

- reflection on pedagogical work
- quality management and manual guidelines
- parent surveys
- participation in advanced training
- staff development days
- supervision, coaching and specialist advice

The costs of our Centre reflect the quality of the learning environment.

Our Way

Knowledge ...

- We believe that play is the most appropriate form of learning for the child. Through play, a child discovers the world around them and processes their experiences. Play is therefore the most central part of our pedagogy.
- We believe that children are intrinsically interested in real world situations which they experience in their own environment. For this reason, we facilitate a situation oriented approach to the interests of children in activities and projects.

A Suitable Environment

- Children are able to play in an appropriately prepared environment with carefully selected materials.

Observation

- Is used to determine where each child is in his or her development.

Listening

- As active communicators children are encouraged to express their thoughts and ideas in conversations and discussions where respectful listening is promoted.

Questions

- These provide opportunities to encourage and develop each child's interests and potential.
- They also facilitate discussions about opportunities for others to be involved in furthering the development of each child.

We Offer...

- Positive role models.
- Support and encouragement for children to use their initiative to develop their own projects and to solve problems among themselves.

Respect

- We nurture respectful relationships between team members and children, team members and parents, and among the children themselves.
- We provide a safe, nurturing environment that is independent of changes that may occur in a child's home life.
- We encourage a respect and appreciation of the natural environment.

Our Aim

- To provide an educational environment that is open, engages the child, and encourages creativity, exploration and problem solving.

Our Guarantee

- We provide a development oriented program that aligns with Bavarian educational plans and the Bavarian Education and Care Act.

What We Ask of Parents

- A strong partnership between parents and team members is encouraged as this is essential for providing the best developmental opportunities for each child.

Opening times

Daily from 7:00 a.m. to 4:30 p.m.

What We Offer

- Places for children from 3 years old
- Mixed age and gender groups
- Possibility of similar age groups
- Committed, conscientious educational professionals who are trained to nurture different age groups
- High educational standards
- Cooperation with specialist services and therapists
- Promotion of skills as a FitZ facility
- 2 course lunch
- language daycare
- Fresh and selfmade food from our intern kitchen
